Heidi Burson

Heidi Burson's story as an artist is one of shared experience. Very early on, she felt the poignancy of the music of the great soul singers who came before her like Etta James and Aretha Franklin. She was struck by the power and intensity with which they expressed the longing which we all share for love and acceptance. These influences, coupled with her own life experience and a generous dusting of wry humor, have helped to forge a voice and style that is uniquely fascinating. Her delivery is captivating. When Heidi sings, people listen.
